

ABCO Elevation Premium Chiropractic Table

The ABCO Elevation Chiropractic Adjusting Table with Drops is designed and manufactured in Australia.

With Elevation [50 – 90cm height adjustment] function handling up to 250kg, this is a versatile table providing flexibility for your practice

The twin column structure:

- Provides a much more rigid working surface without 'end-bounce'
- Eliminates lengthwise movement during height adjustment
- Improves the safety of the couch as there are far fewer points where stray fingers or limbs may be caught
- Enhances treatment by moving quickly and quietly as required

You will love our crisp, heavy duty, fully adjustable drop pieces.

Four drops are included with Foot press body cocking as standard. Hand cocking is available as a no-charge option

Product Code: **CIVD.05642.CDFFFF.50NPO**
