

ABCO Gynaecology Examination Table – Clinical

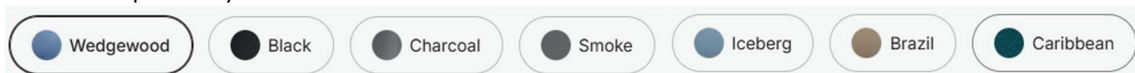

Optimise your specialised women's health workspace with the ABCO Gynaecology Examination Table – Clinical, a heavy-duty, highly adjustable medical couch meticulously engineered for general practice, gynaecological clinics, obstetric consulting, and outpatient procedures. Built to prioritize patient dignity and clinical precision, this premium medical table combines true vertical electric lift columns with specialized access features to streamline diagnostic and procedural workflows. Designed to provide unmatched stability and ergonomic support, it ensures a secure, reassuring environment for patients while minimizing OHS risks for clinicians.

- **Specialised Gynaecological Access:** Engineered for pelvic examinations, colposcopy, and obstetric procedures.
- **Standard Adjustable Foot Pads:** Integrated, adjustable foot pads provide secure, comfortable bracing and easily adapt to different patient heights.
- **Optional Under knee Leg Supports:** Upgradeable with premium, fully adjustable under knee supports for enhanced comfort and unobstructed clinical access during specialized procedures.
- **Electric Negative Backrest:** Effortlessly transitions from flat to a negative incline, allowing rapid intervention in acute emergency scenarios.
- **Vertical Electric Lift (50cm to 90cm):** Rises straight up and down to save space in compact consult rooms while reducing mechanical wear.
- **300kg Lifting Capacity:** Confidently accommodates a diverse patient demographic with smooth, dignified height adjustments.
- **Pinch-Free Design:** The column-lift mechanism eliminates dangerous scissor-action pinch points, creating a safer clinical environment.
- **Infection Control:** Fluid-resistant medical vinyl easily withstands harsh clinical disinfectants.
- **Dual-Control System:** Comes standard with both a Foot Controller and Hand Controller, allowing practitioners to maintain hands-on patient contact while adjusting the table, actively reducing manual handling risks and OHS hazards.
