

ABCO Bariatric 1 Section Neurological Table

The ABCO Bariatric 1 section Neurological Table is designed and manufactured in Australia with a 5 year warranty.

Designed to lift patients up to 400kg this table is also available with an electrically operated backrest.

The simple concept of using four electric columns for height adjustment eliminates the 'trampoline' effect found on many conventional tables when heavy patients sit on the side of the table. This allows for wider tables – up to 1800mm wide.

- Single section upholstery to 1200mm wide. Upholstery in two sections above 1200mm.

With a height range of 500 - 900mm, access is simple for patients and a comfortable working height is easily set.

125mm braked castors are standard giving clearance of 155mm below the base frame to allow patient hoist access.

Options include:

- $\pm 15^\circ$ Trendelenburg function allows for further positioning options.
- Battery
- Breathe hole[s] with plug.
-

There is no Australian GST payable on Neurological Tables.

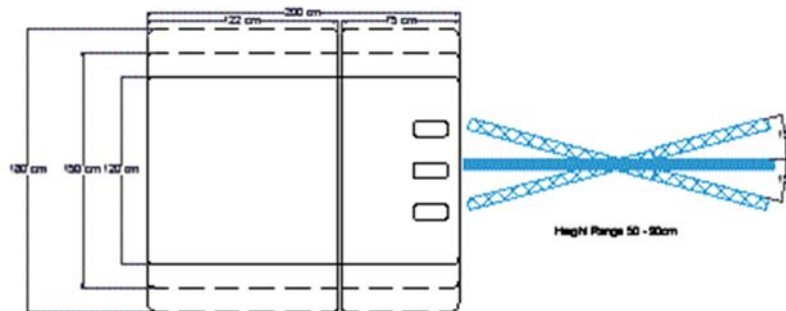

Product Code: **NB1.12021.BE000HH0.00CPO**

Standard Configuration	Factory Fitted Options
