

ABCO Dynamic Sliding Top Tilt Table

ABCO Health Care's Australian-made Dynamic Tilt Table, developed from its 1997 Dual Action model, offers configurations for optimal patient care. It supports ICU, cardiac and functional rehabilitation after trauma, including spinal cord and brain injury. Twin-column lift provides stable height adjustment without lengthwise movement and with fewer crush points. The 155mm under-frame clearance supports wheelchair or hoist transfers; hand control adjusts height to 1010mm.

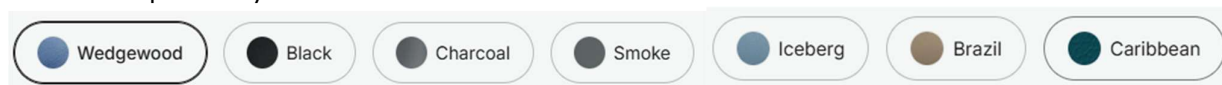

A long leg cut-out, three straps and foot plates adjustable $\pm 30^\circ$ in 5° steps support individual positioning. The tabletop tilts to 85° for safe walk-on/off access; indicators are fitted on both sides. Capacity: 350kg lifting, 200kg tilting.

Bedside or rehabilitation use reduces handling risk and supports progressive partial weight-bearing, lower-limb strengthening and objective progress checks. Transfer the patient, raise the backrest, remove the insert, release the lock and adjust table angle for resistance.

An accessory support enables single-leg exercise. The table supports 350kg; bedside use reduces discomfort and transfer costs, and 125mm lockable castors aid movement. No Australian GST applies.

Factory Fitted Options

- Choice of upholstery colours

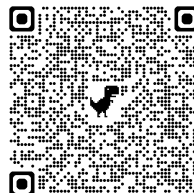

- Increase width to 800mm
- Change height range to 580 – 830mm
- Increase tilting capacity to 300kg

Add-ons

Useful additions to your table which can be factory installed when ordering or after purchase with minimal DIY required.

			
Adjustable Work Surface	Torso Wedge / Lateral Support	Paper Towel Roll Holder	Foot Control and Wireless Controls

Standard Specifications

SKU: TY400.07021.CEE00H0.005P1

Dimensions and Adjustment

Height Adjustment Control - Hand control

Height Adjustment Lift Operation - Twin electric column for extra strength and safety with no longitudinal shift as height adjusts

Maximum Lifting Capacity - 350kg Dynamic / 700kg Static

Table Tilt Function - Twin Electric actuator adjustment 0° / +85°

Tilting Capacity - 200kg

Height Adjustment Range - 590 - 1010mm

Overall Length - 1950mm

Overall Upholstery Width - 710mm

Upholstery Adjustment

Table Tilts -0° / +85°

Backrest -710mm Long - Electric -0° / +85° - Returns to flat when table reaches 30°

Sliding Seat -510mm Long slides approx. 300mm

Removable Insert -400mm Long

Foot section - 230mm Long

Independently adjustable angle twin foot plates [+30° / -30° in 13 steps];

Single leg support fits to either side - 350mm long x 140mm wide x 125mm high

Frame

Material - 3 Stage Powder coated Steel

Wheel System - 125mm Thermoplastic heavy duty, lockable castors

Upholstery

Fabric - Medical grade fabric with Ezyclean. Resistant to Isopropyl Alcohol and bleach-based cleaners

Foam - 50mm medium density foam

Colours - 15 Colours available

Electrical Requirements

Approvals - Medically approved according to EN60601-1/ AS3200

Supply - Domestic 10Amp or equivalent

Battery - Back-up Battery included

General

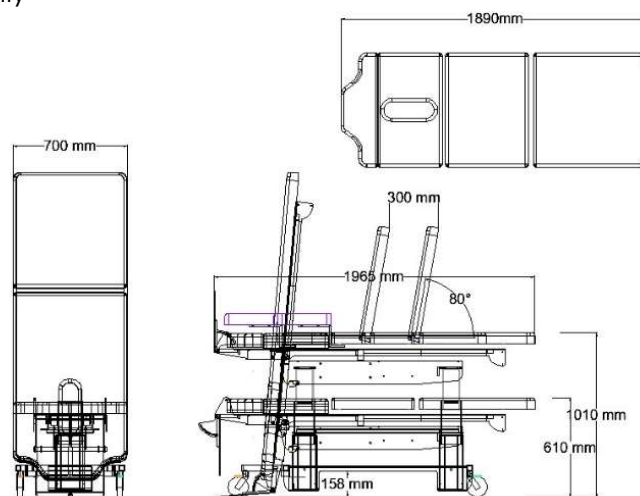

Shipping Dimensions - 197 x 75 x 65cm / 95kg. shrink-wrapped on a wooden pallet

Weight - 90kg

Total Main Body Sections - 4

ARTG - 123573

Warranty - 5 years, parts only
