

## ABCO 3 Drop Elevation Chiropractic Table

The ABCO Elevation Chiropractic Adjusting Table with Drops is designed and manufactured in Australia with a 5-year warranty

With Elevation [ 50 - 90cm height adjustment] function handling up to 250kg, this is a versatile table providing flexibility for your practice

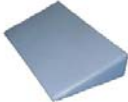

The twin column structure:

- Provides a much more rigid working surface without 'end-bounce'
- Eliminates lengthwise movement during height adjustment
- Improves the safety of the couch as there are far fewer points where stray fingers or limbs may be caught
- Enhances treatment by moving quickly and quietly as required

You will love the three crisp, heavy duty, fully adjustable body drop pieces [There is no option for a cervical drop.] and the generous upholstery with an extending leg rest.

Product Code: **CIVD.05661.CODDDF.50NPO**
