

ABCO P35 Podiatry Chair

The ABCO P35 Podiatry Chair is designed and manufactured in Australia.

As a flexible general purpose chair for podiatry and similar treatments, this chair has electric height, tilt, backrest and leg rest with a foot control that includes pre-set buttons for entry and horizontal configurations

The seat height range is 500 – 900mm with maximum heel height of 970mm

The powerful twin column lift mechanism

- Provides a much more rigid working surface without 'end-bounce' over the full height range.
- Eliminates lengthwise movement during height adjustment.
- Improves the safety of the chair as there are far fewer pinch points where stray fingers or limbs may be caught.
- Enhances treatment by moving quickly and quietly as required

250kg lifting capacity

Optional upgrades include braked castors and battery.

Product Code: **PO350.05581.CEEE0F0.00NP0**

Standard Configuration	Factory Fitted Options
Wedgewood upholstery	Other standard colours
	Other vinyl fabrics
	Leather
Base plate	Retractable castors
