

## ABCO Cardiac / Ultrasound / Imaging / Vascular Tilt Table

The ABCO Cardiac / Ultrasound / Imaging / Vascular Tilt Table is designed and manufactured in Australia based on our popular Dual Action Tilt Table available since 1997.

A versatile table that can be used in a range of procedures including Cardiology Tilt Table assessment and Vascular Ultrasound, the table effortlessly adjusts in height from 520 – 770mm and tilts to 80° at any height. The foot plate can be adjusted to ±30deg in 5deg steps.

By using a twin column lift we are able to achieve a more powerful lifting function without lengthwise movement during height adjustment and to design a table structure which has fewer places where hands or limbs could be crushed.

Lifting capacity is 350kg and tilting capacity is 200kg

Standard inclusions are

- Single upholstery section
- Two tilting speeds
- A set of two patient straps
- Two angle indicators, one on either side of the table
- A battery

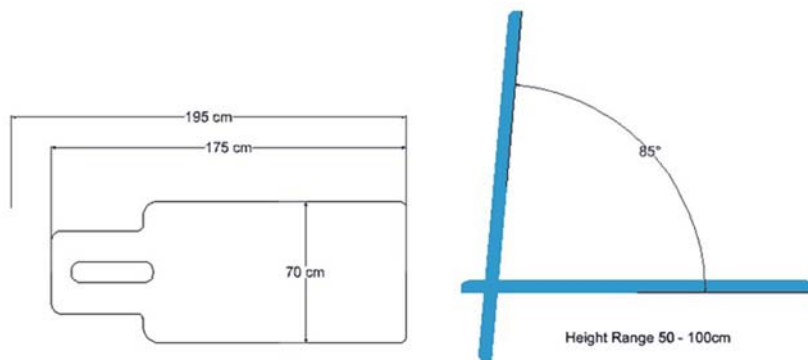

There are many options available including a backrest or stronger tilt to ensure that you can get the product configuration most suitable for your application.

Product Code: **TD1C0.07021.C0E00H0.005P0**

Standard Configuration	Factory Fitted Options
200kg Tilting Capacity	300kg Tilting capacity [halves full range lifting time to approximately 11sec]
Hand control	Foot control
	Twin foot or hand control
Single section foot plate	Split foot plate
	Add Electric backrest
	Fixed Height [570mm]

Accessories	
Replacement patient strap set	
Gas lift stool upholstered to match your couch	

Detailed Standard Specification		
Couch Dimensions	Main Section	1750mm long
	Overall Length	1950mm
	Width	710mm
Upholstery Angle adjustment	Tilt	Electric
Upholstery	Fabric	Vinyl – Medical grade heavy duty vinyl fabric. Formulated to inhibit hardening and breakdown of the PVC surface due to perspiration and oils. Light fast, fire retardant, sanitised and stain resistant.
	Foam	50mm comfort foam rolled over the edges of the strong plywood base providing a full working width and extended life.
Frame	Colours	Wedgewood. Other colours on request
	Materials	Heavy steel plate and tube
	Colour	Light Grey powder-coat
Height adjustment	Wheel System	125mm braked castors [155mm clearance for hoists]
	Range	520 – 770mm
	Lift mechanism	Twin column for extra strength and safety with no longitudinal shift as height adjusts
	Lift operation	Linak brand European electric columns
	Control	Hand control
Electrical Requirements		Medically approved to AS 3200 / EN60601 - 1
	Supply	230vAC $\pm 10^\circ$ , 50hz max 1.5amp
	Operation	24vDC max 70VA
Lifting Capacity		300kg
Tilting Capacity		200kg
Weight		90kg
Shipping Dimensions		197 x 82 x 60cm / 95kg. Shrink-wrapped on a wooden pallet with bubble wrap
ARTG No		123753
Warranty		5 years, parts only
