

ABCO T20 Treatment Chair

The ABCO T20 Treatment Chair is designed and manufactured in Australia with a 5-year warranty

While this chair will also extend to work as a horizontal couch, it is primarily a comfortable, easily accessible chair. This is achieved through an integrated seat and backrest where, as the backrest lifts, the seat section progressively reclines to -11° .

Height, seat tilt / backrest and leg rest are electrically operated by hand control

The single column lifts 150kg with ease and;

- Eliminates lengthwise movement during height adjustment.
- Improves the safety of the chair as there are far fewer pinch points where stray fingers or limbs may be caught.
- Enhances treatment by moving quickly and quietly as required

The minimum entry height of 500mm makes access easy for all while the maximum heel height of 830mm makes it more suitable to work seated

Product Code: **TE230.05521.CE0E0H0.003PO**

Standard Configuration	Factory Fitted Options
No Breathe hole	Breathe hole with plug in backrest
Wedgewood upholstery	Other standard colours
Hand Control	Foot Control
