

ABCO Single Action Tilt Table

The ABCO Single Action Tilt Table is designed and is made in Australia.

A simple single action tilt table more suitable where patients are ambulatory this table has the functionality of the standard ABCO Dual Action Tilt Table other than the height adjustment which is set at 670mm.

The table top tilts to 80° and an angle indicator is also a standard accessory.

The ABCO Single Action Tilt Table is designed and manufactured in Australia.

Therapeutic Tilt Tables are primarily used in the acute phase of rehabilitation following trauma [eg Spinal Cord Injury or Traumatic Brain Injury], in ICU's, for functional rehabilitation of handicapped or disabled patients and in cardiac assessments.

A simple single action tilt table is more suitable where patients are ambulatory and while this table has the general functionality of the standard ABCO Dual Action Tilt Table, the horizontal height is set at 670mm.

The table top tilts to 80° and patients can safely walk on and off the table if appropriate taking advantage of the adjustable angle foot plate [± 10deg in 6 steps]. and an angle indicator is also a standard accessory.

There is no Australian GST payable on Tilt Tables.
