

# Infant Change Table

**ABCO** Health Care Pty Ltd

The most common workplace injuries in Childcare Centres are caused by frequent lifting of Children. The ABCO Infant Change table has a minimum height low enough to allow toddlers to enter and exit the change table with minimal assistance. The electric height adjustment allows the carer to raise the height to their optimum work height. With options of batteries, cordless remote control, restraints and wheels, the ABCO Infant Change Table is a worthy investment in any Child Care environment
