

ABCO Chiro C Chiropractic Table

ABCO Chiro C Chiropractic Table is designed and manufactured in Australia to meet the specific requirements of Chiropractors

The twin column structure:

- Provides a much more rigid working surface without 'end-bounce'
- Eliminates lengthwise movement during height adjustment
- Improves the safety of the couch as there are far fewer points where stray fingers or limbs may be caught
- Enhances treatment by moving quickly and quietly as required

The gas-strut powered head section is enhanced with multi-position arm rests combining patient comfort and improved practitioner access

Firm upholstery cushioning with sewn edges is comfortable for patients while providing excellent support for treatment. While the lifting capacity of more than 300kg may rarely be required, the robust structure required to support this capacity ensures a long, trouble-free life

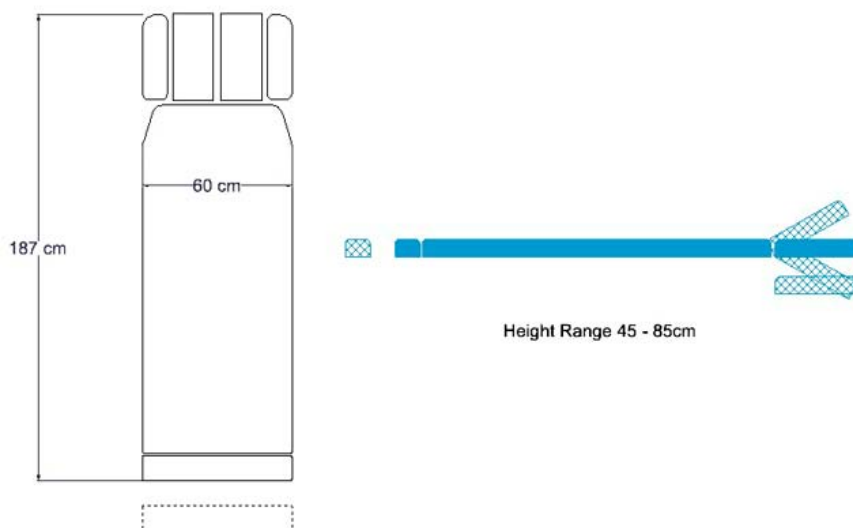

Product Code: **CI500.06061.C000GF0.10NPO**

Standard Configuration	Factory Fitted Options
No wheels	Retractable castors [<i>increases min. height by 25mm</i>]
	75mm braked castors [<i>increases min. height by 25mm</i>]
