

## ABCO 3 Section Examination Couch

ABCO Health Care Height Adjustable 3 section Examination couches are designed and manufactured in Australia to match the recommendations of the RACGP.

As such, they are long enough and wide enough for most patients. The minimum height of just 45cm makes access for frail or disabled patients easy and the maximum height of 95cm is high enough for tallest carers to work comfortably.

A comprehensive range of factory fitted options allows you to specify the best configuration for your requirements.

Accessory cot sides and gynaecological stirrups can also be fitted

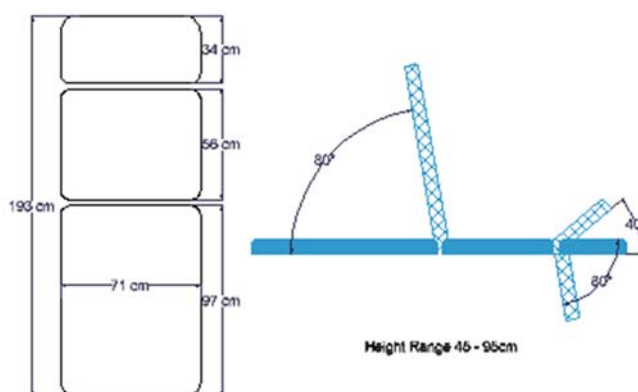

The three ergonomically sized sections allow for more flexibility in use from a simple plinth through to a chair configuration making it useful for a multi-disciplinary practice

Product Code: **EX30.07121.EM00MH.00W10**
